Dear Mr. Dinkle,

- Mental Health Services
- Family and Community Services
- Program Design and Management

Your review report provides you with detailed information on the areas where your program's performance did not meet Head Start program performance standards and these must be corrected within the specified time period. However, we also want to recognize your accomplishment in meeting performance standards in the areas referenced above. Full compliance in all program areas is essential to ensuring quality services to children and families and we look forward to working with you to continuously improve Head Start services to children and families.

Sincerely,
